REGULATORY COMMISSION

CAUSE NO. 42736

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") has caused the following entry to be made:

The Presiding Officers have reviewed the Verified Application filed in this matter and have the following questions for the Petitioner, PSI Energy, Inc. ("Petitioner" or "PSI"):

1. Are MISO Schedule 10-FERC costs separately accounted for between retail and wholesale customers? If not, how does PSI propose to allocate the retail jurisdictional portion to the Rider No. 68 factor in the future?
2. Please explain the reason for using a "revenue conversion factor" that includes more inputs than the "Adjustment for Utility Receipts Tax" used in PSI's Rider 60, 63, 66 and 67 calculations.

The Petitioner should provide a response to these questions on or before November 19, 2004.

IT IS SO ORDERED
